

PREMIUM KIDS CLASSIC CAR

D.THRONE

Catching the eye with compelling value
Leading-edge technology without equal

D.THRONE

Introduction

The fruit of technical know-how, showing the acme of elegance

D.THURONE is a fine masterpiece of superb craftsmanship.

D.THURONE is the acme of infinite creativity, outstanding know-how and artisan spirit.

Brand concept

D.throne stands for the only authority of the throne.
We drew inspiration from the handmade cars which the royal and princely families of Europe owned.

D.throne, the premium family car, is worthy of collection,
which can be used from generation to generation.

We tried to link the human heart to nature in harmony and wish to
prioritize the safety of our family by conducting numerous experiments to test.

All the family can enjoy together

D.THRONE is not only for the children, but also for every man, woman and children. D.THRONE is the pass through barrier to the generation. So, you can have an experience of elegant family culture.

Go on a family outing with more laughter and joy

A momentary joy with D.THRONE will be precious and memorable to your family. Let lively moment and amusing anecdote from the trip more special. Wherever you are, in a hotel, on the beach, in a ski resort, D.THRONE can come with you. Even adults can drive softly, it will bring surprising delight.

Play the train game at home

Make your home like an adventure playground! With D.THRONE you can play the train game at home. You must not be bored with controlling the car, you can seat down with your children and drive! D.THRONE can be connected up to for 3 people, so all the family can enjoy together.

With pure white snow and in the soft sunlight D.THRONE will be more valuable

D.THRONE designed for the whole family brings more meaningful enjoyment in the snow. It is strong enough to drive a sledge and will speed over the snow with all eyes full of envy and jealousy.

Second car for the family, D.THRONE

D.THRONE makes it more easily for people to get about, so it should take you wherever you want to go, such as park, library, supermarket, hospital and kinder garden that are near to your house. It will give you the romance and excitements from the get go. Add luxury in your daily life!

Perfect for the interior decoration of your house

D.THRONE symbolizes perfection and elegance, so it creates a luxurious and unique atmosphere. Its presence is a proof that the place is full of compelling value and ideal beauty. It puts on airs of elegance inimitable by anyone, transcending trends and time.

Classic to cutting edge

Its outstanding design and unique color contrast transcend time and style and connect classic to cutting edge, focusing European classical sentiment and modern chic style. You can see the most tasteful and restrained designed car ever.

High performance with dignified sentiment

D.THROME has real wheel driving with transaxle motor, so it makes power driving with many trailers. D.THROME demonstrates high performance even when going down and up slope. Even adults can drive softly, it will bring surprising delight.

It is real wood, real aluminum and Italian leather

D.THROME was made of natural substance without artificial material, so its natural harmony makes D.THROME more special. Lively details show the touch of a master craftsman, which you can feel in every single streak in wood. Best Italian leather used just for luxurious cars will treat you exceptional respect.

Easy to carry

D.THROME can fit into a trunk of most of the cars. So, you can carry it wherever you want to go.

Concept of traditional artisanship

D.THROME with uncompromising artisan spirit and quality is our dream, passion and masterpiece. D.THROME is the result of numerous experiments and study based on an experimental mind and endless curiosity, which is our philosophy transcending time and space. Streak of real wood which nature engraves, soft feeling and warmth of natural leather and spirit of artisan are strictness and sincerity of D.THROME.
